BULGARIANS CONTROL TWO-THIRDS OF SERBIA INVASION WEAKENS ON OTHER FRONTS

Italy May Aid Serbia by Going Into Combat With its Balkan Foe

(By Associated Press.)
LONDON, Nov. 9.—The plans of the Teuton-Bulgarian invaders worked out with the precision of machinery in Serbia. They will soon be in possession of the Nish-Belgrade railroad, giving them a second route to Constantinople. However, the Serbian invasion has weakened the other Teutonic fronts, and the Russians are advancing in Macedonia. Premier Skouloudis of Greece is reported to have declared that he will dissolve the chamber of deputies unless it supports the cabinet. A semi-official note from Rome hints that Italy may aid the Serbians by meeting the threatened Bulgarian invasion of Albania. The Bulgarians aim to reach the Adriatic by going through Albania.

SUPPORT IS URGED FOR DEFENSE PLAN

ASSISTANT SECRETARY OF WAR DEPARTMENT CHAMPIONS PROGRAM

(By Associated Press.)
SAN FRANCISCO, Nov. 9.—National defense founded upon such a system as the administration's proposed continental army, offers the only possible avenue of escape from compulsory military service for all citizens and its attendant evils. Assistant Secretary Breckinridge of the war department declared today, addressing the annual convention here of the National Guard association.
"In the last year," said Mr. Breckinridge, "we have seen all the manifold resources of nations welded into one instrument and subordinated to one will for the waging of war on a scale never before witnessed in history. If the liberties of republics are to be maintained their military resources must be adequately translated into military strength. For the first time in the history of our country a settled and permanent military policy is proposed for the nation. There are those who say it will not work. The answer is that it will have to work. And, furthermore, that if it will not work, then nothing adequate can be had except under the compelling hand of a militarism that none of us desires to contemplate."
"I say to you that this proposed military policy, imperfect if it be, is the product of earnest patriots on whom our constitution and the laws have placed responsibility for working out just such a scheme. They have done their best. I appeal for your patriotic support, for if this result, which is the product of so much labor, or such infinite counseling and conferences, which has achieved the imprimatur of the president, of the heads of the legislative military committees and of the sober opinion of the press of the country, fail of adoption, then we have chaos, inaction and the continuing compromise of the safety of the republic."

PANAMA POLICE WILL GIVE UP POWER RIFLES

(By Associated Press.)
PANAMA, Nov. 9.—Disarmament of the Panama national police has been virtually agreed upon between that country and the United States. Policemen hereafter will be armed only with revolvers and batons.
It is understood that Panama agreed to give up the high power rifles hitherto used, only after protracted negotiations with the United States authorities, who desire to prevent further riots like those in which unarmed soldiers have been killed and wounded.

SLIGHT ACCIDENT

Jim Stinson had the misfortune to get caved on in the Sandgrass last night, but he sustained no other injuries than a slight scalp wound. After being treated at the Mine Operators' hospital, he was able to return to work today.

GERMAN VICTORY IN SOUTH SERBIA

(By Associated Press.)
BERLIN, Nov. 9.—The Germans captured the main positions south of Kraljevo, including seven thousand Serbians and 50 cannon. They are continuing to advance.

RAILWAY AND MINING MAGNATES ARE PLEASED WITH CONDITIONS LOCALLY

The magnates of the Tonopah Mining Company of Nevada and of the Tonopah & Goldfield railway, who have been visiting this city, will leave tomorrow morning in the private car Mizpah for Hazen, to continue on to their homes in the east, after paying a brief visit to the exposition. Governor Miller of Delaware, who is in the party, declined to discuss the rumor that he would probably be selected as United States senator upon the conclusion of his gubernatorial term. Another member of the party said that it was unlikely that Governor Miller would permit himself to be a candidate in view of the fact that his son was recently elected to the house of representatives, after serving his state as attorney general. The member who made this remark also smilingly said that Delaware and the United States—mentioning Delaware first, of course—did not have anti-nepotism laws similar to those of Nevada, but that it was a matter of spirit rather than letter of law that the governor would consider.
In the chat on weather conditions which followed there was made the statement that all the members of the party were pleased with the physical conditions shown in the mines and mills and that the railroad was being very efficiently operated. None of the visitors would discuss the probable price of silver by the first of the year nor even talk about the money market or the probable result of the war.

JAPAN WILL NOT MAKE DEMONSTRATION

(By Associated Press.)
KIOTO, Nov. 9.—Japan has assured the powers that it does not intend to make a military demonstration against China as a result of the dispute over the postponement of the establishment of a monarchy should the Chinese vote for the change. It is reported that China's president intended to proclaim himself emperor on November 16, the date of the first Japanese coronation feast. The idea was displeasing to the Japanese.

KITCHENER GOES EAST TO PREVENT REVOLT

EGYPTIANS AND HINDUS SAID TO BE INFLUENCED BY TEUTON AGENTS

(By Associated Press.)
WASHINGTON, Nov. 9.—It is reported that General Kitchener is en route to India where the natives have deposed Nizam of Hyderabad, a native prince and supporter of the government. Kitchener will probably visit Egypt, where the Teutons and Turks menace the Suez canal. It is reported that Teuton agents are actively stirring up revolt among the Egyptians and Hindus.

FRANCE PROPOSES RECIPROCITY PLAN

Industries of Republic to be Modernized at End of the War

(By Associated Press.)
NEW YORK, Nov. 9.—H. C. Hoover, chairman of the Belgian relief commission, said today that America gave less per capita to relieve Belgium than Australia, Canada or Holland. The donation was 7 cents for each American, while the average was \$1.23 for each New Zealander. Louvina, out of gratitude, has named a square "U. S. Square," while a street has been named "Wilson." A French industrial commission of five members is here arranging to purchase, after the end of the war, \$160,000,000 worth of structural steel and machinery, which under normal conditions would have been purchased in Germany. It is planned to reconstruct and modernize industries, and establish reciprocal trade relations with America. The commission is not a government organization.

EMPEROR OF NIPPON GIVES DECORATIONS

WIFE OF AMERICAN AMBASSADOR RECEIVES GOLD LACQUER BOX AS GIFT

(By Associated Press.)
KIOTO, Nov. 9.—The American cruiser Saratoga is here. Emperor Yoshito decorated all ambassadors except the American and Swiss, whose governments forbid. He gave Mrs. Guthrie, wife of the American ambassador, a gold lacquer box. President Poincare of France and Czar Nicholas of Russia sent gifts to the emperor. The United States was represented by Ambassador Guthrie, and wife, Secretary of the Embassy Post Wheeler and wife; Military Attaché Colonel J. A. Lyons and wife; Naval Attaché Capt. F. J. Horne and wife; Rear Admiral A. J. Winterhalter and wife; Commander J. N. Sypher and wife; Commander S. F. Moses. The Saratoga is at Kobe.

WILL HURRY FIRE PROTECTION SYSTEM

POSSIBILITY THAT IT WILL BE IN READINESS BY THE FIRST OF THE YEAR

The board of county commissioners this afternoon let M. J. McVeigh the contract for the concrete work at the tank site on Brougher mountain of the new high pressure fire protection system. His bid was \$750. Work will begin at once, as the materials were ordered some time ago, there being a reasonable certainty of his receiving the award.
The excavation work will be completed by Saturday, or Monday at the farthest. The contract for erection of the tanks was let some time ago and all other details have been arranged.

TOUCH OF THE BEAUTIFUL

A few flakes of snow fell this afternoon. This morning there was a considerable flurry at Goldfield. The temperature fell rapidly after midday in Tonopah.

ANOTHER CASE REVERSED BY SUPREME COURT

In an opinion handed down by Justice Coleman and concurred in by Chief Justice McCarden and in part by Justice McCarran, the appeal of William Pappas for a new trial was granted and the case now goes back to the Nye county court.
Pappas was convicted last April of a charge of assault with intent to kill, his victim being a woman of Tonopah's tendorlein, whom, it is stated, he nearly slashed to pieces.

TOMORROW THE GLAD DAY

Tomorrow is payday for the mining and milling companies and many other employers of labor in this city. It is understood that gold will be more in evidence than it has been for some months past, heavy importations having been made by the banks. The payday will be one of the largest, if not the largest, that Tonopah has had this year.
